

### **What will it clean**

Tile Master Stone & Tile Stripper is ideal to clean and remove built up surface sealers and topical coatings, including yatch varnish, and 2 parts solvent sealer that are present on tiles around your home.

**Warning :** Not intended for vinyl or plastic surfaces. Product is Flammable

### **Where to use**

Perfect for use in your Kitchen, Hall Way, Bathroom or anywhere around your home you have old sealer to strip and remove.

### **Benefits**

Strips coating from both tiles and grout

Removes surface sealer without damaging the tile surface

Extremely Easy to Use

Removes even the toughest lacquers and varnish

Ready to use & Very Fast Acting

### **How to use**

Apply Tilemaster Stone & Tile Stripper to surface and leave to act for 5 - 15 minutes, keeping it wet to ensure the product does not dry up on the floor. Then scrub the floor using the Tile Master Machine with pad C or Pad A & Tilemaster Diamond Dust for best results. Alternatively scrub the floor with a stiff scrubbing brush or appropriate pad. Once desired result is achieved, remove all dirty water with a clean mop, sponge or cloth. Rinse well with fresh clean water to ensure floor is clean and desired results have been achieved. On thick coating multiple application may be required.

Product is ready to use **NEAT**.
