

Heavy Duty Extreme

Technical Data Sheet

- ✓ PORCELAIN
- ✓ CERAMIC
- ✓ UNPOLISHED NATURAL STONE
- ✓ QUARRY TILES
- ✓ SLATE
- ✓ SAND STONE
- ✓ YORK STONE

What will it clean

Cleaner No3 is ideal to remove heavy built ups of dirt and grease in even the most extreme cases, or to renovate very old and tired floors.

Where to use

Cleaner No3 is perfect for use in kitchens, hallways, bathrooms and high traffic areas in commercial kitchen, gyms, pubs and office where the floors have a heavy build-up of dirt.

How to Use

Dilute the cleaner with water to dilution rate above and apply cleaner to the surface. Leave product for 5 minutes - NB do not allow to dry on surface. Scrub the area with The Tile Master or stiff brush. Clean away dirty water using a clean mop. Repeat if required of very dirty surfaces. Rinse floor well after use to remove residue.

Benefits

- ✓ Deep clean both your tiles and grout
- ✓ Removes years of built up dirt & grease
- ✓ Extremely powerful cleaner & fast acting
- ✓ Removes stubborn drinks spill, food & grease
- ✓ Removes Grout Haze

Coverage

Dilution rates per 1 litre

Deep cleaning and degreasing - 1:4 - 15m²

Tile and grout refresh - 1:10 - 30m²

Notes

Important

On sealed, waxed and polished stone, Cleaner No3 will remove, strip, etch or dull the shine, polish, wax and existing seal. Surfaces will require re-sealing after use of this product.

Never Use NEAT on any surface

Precautions

Mask and protect painted surfaces, untreated wood and other sensitive areas. Rinse off overspray. Any solution remaining on surfaces treated with this product should be completely neutralised.
