

What will it clean

Cleaner No.3 is a high alkaline cleaner, it is ideal to clean and remove heavy built-up dirt and grease in even the most extreme cases or renovating very old and tired floors.

Warning: Always pre-test a small area.

Where to use

Perfect for use in kitchens, hallways, bathrooms or for high traffic areas like commercial kitchens, entrance halls and wash rooms, pubs, gyms and offices.

Benefits

- ✓ Deep cleans both your tiles and grout
- ✓ Removes years of built up grease and dirt
- ✓ Extremely powerful cleaner and fast acting
- ✓ Removes stubborn drink spills, food and grease
- ✓ Removes grout haze

How to use

- 1 Depending on the level of soiling dilute cleaner No.3 to the correct dilution rates with either hot or cold clean water.
- 2 Sweep or vacuum the area of any loose soils.
- 3 Apply cleaner to surface and leave to act for 3 minutes, do not allow the product to dry into the surface.
- 4 Agitate the product into the surface using the TileMaster 40, rotary, deck brush or mop.
- 5 Once the desired result is achieved, extract all soils with clean water mop and bucket, wet vac or cloth.
- 6 Repeat the process on extremely dirty surfaces.
- 7 Rinse well with fresh clean water to ensure all residue is removed or mop once with 1 cap of No.1 or No.2 to 5ltr of fresh clean water - this will dry streak free, no need to rinse.
- 8 Failure to follow guide may result in damage to the surface.

Coverage

Deep cleaning and degreasing - 1:5 -15m²
Tile and grout refresh - 1:10 - 30m²
